COLLECTION DEVELOPMENT POLICY

Approved, Avalon Library Board of Trustees, May 14, 2026

MISSION AND POLICY STATEMENT

MISSION

Serving Avalon, near and far, with dedication and accessibility.

VISION STATEMENT

Empowering every Avalon household with the key to enriching experiences – a library card.

POLICY STATEMENT

The Avalon Free Public Library places major emphasis on informational, recreational, and educational functions. It recognizes the importance of basic materials of permanent value and timely materials on current issues. Materials will be purchased in the format that best suits patrons' needs.

Collection development supports the Library's mission by providing access to a broad range of ideas, information, and viewpoints to serve the diverse needs of the community.

The purpose of the policy is to provide standards for the curation of library material; establish criteria for removal of existing library material or library material selected for inclusion in the public library; and provide protection against attempts to censor library material.

In accordance with the New Jersey Freedom to Read Act, the Avalon Free Public Library prohibits censorship of library materials and supports the right of individuals to free inquiry and to form their own opinions. It acknowledges the training and education that librarians receive to develop and curate collections.

The Library recognizes and affirms that:

- Public libraries serve as centers for voluntary inquiry and the dissemination of information and ideas;
- Prohibiting censorship promotes free expression and access to ideas;
- Library materials shall not be removed because of the origin, background, or views of the materials or those contributing to their creation;
- Library materials are provided for the interest, information, and enlightenment of all people and should present diverse points of view in the collection as a whole;
- Librarians are professionally trained to curate and develop collections that provide access to a wide range of materials;
- Library materials are reviewed on an ongoing basis by professional staff.

The governing body of the Library, in consultation with staff, retains discretion in selecting, purchasing, or acquiring materials for the collection. Nothing in this policy shall be construed to require the Library to acquire any specific material.

GUIDELINES

The Trustees of the Library support the Library Bill of Rights promulgated by the American Library Association, which serves as a foundation for this policy.

Selection of materials results from a variety of professional activities conducted by the Library Director and staff. Reviews from professional journals and other reputable sources are used in the selection process. Recommendations from staff and the public are welcomed and evaluated within the framework of this policy.

RESPONSIBILITY

The Director has final responsibility for the selection of all materials, regardless of the mode of acquisition. The Director ensures that materials:

- Reflect current interest and enduring value
- Are responsive to the needs of all segments of the community
- Represent diverse viewpoints without censorship
- Are selected and maintained within available financial resources

The Director also oversees the ongoing evaluation and maintenance of the collection.

SELECTION CRITERIA

The primary goal of collection development is to provide the best possible collection with the financial resources available. Library materials are chosen based on selection criteria such as predicted demand and interest, reputation of the publisher and author, historical significance, and cost. The item's contribution to the diversity or depth of a collection, such as providing differing viewpoints is also considered.

Selection of materials does not constitute endorsement of their content. The Library does not attempt to collect all materials on a given subject but strives to provide a representative selection reflecting a broad range of viewpoints.

General Criteria

All materials, whether purchased or donated, are evaluated as a whole and not on the basis of individual parts. Materials need not meet all criteria to be selected. Selection is guided by:

- Contemporary significance or permanent value
- Community interest and anticipated demand
- Accuracy and quality of content
- Reputation and authority of author, editor, or publisher
- Literary or artistic merit
- Relationship to existing collection
- Price, availability, and demand
- Format and ease of use
- Scarcity of information on the subject
- Availability through other libraries
- Attention of critics, reviewers, and media
- Accessibility and usability
- Timeliness and currency
- Appropriateness for intended audience
- Space/Resource constraints

Materials are selected to ensure a balanced collection representing diverse perspectives.

Digital Resources

Digital materials are evaluated using the above criteria as well as:

- Ease of use
- Licensing and access terms
- System and technical requirements
- Accessibility, as it relates to digital platforms and formats
- Cost relative to other formats
- Quality vs. alternatives

Excluded From Purchase

The following list details formats that the Library does not purchase for the collection. It is not exhaustive and other formats may meet this criteria as community needs and technology change. When possible, the Library will attempt to borrow items for patrons from other libraries to fulfil requests of formats that are excluded from purchase.

- Textbooks
 - Outdated/obsolete audiovisual materials (cassette tapes, VHS, etc.)
-

PATRON RECOMMENDATIONS

Suggestions from patrons are welcomed and considered using the same selection criteria applied to all materials. Submission of a request does not guarantee acquisition.

GIFTS AND DONATIONS

The Library welcomes gifts that support its mission. All donated materials are subject to the same selection criteria as purchased materials.

The Library retains unconditional ownership of all gifts and reserves the right to:

- Add materials to the collection
- Sell materials through book sales
- Donate materials elsewhere
- Discard materials

The Library does not appraise donated materials or accept items on review.

COLLECTION MAINTENANCE

To maintain a relevant and effective collection, library materials are reviewed on an ongoing basis by professional staff. Criteria for evaluation and removal include, but are not limited to:

- Relevance to community needs
- Physical condition
- Continued demand or usage
- Availability of more current or authoritative materials
- Number of duplicate copies
- Accuracy and timeliness of information
- Space considerations

- Availability through other libraries

Materials are withdrawn in a manner consistent with maintaining a balanced and useful collection.

REASON FOR POLICY

The purpose of this policy is to:

- Provide standards for the selection and curation of library materials
 - Establish criteria for the removal of materials
 - Protect against attempts to censor library materials
 - Ensure compliance with the New Jersey Freedom to Read Act
-

MEMBERSHIP & BORROWING POLICY

Approved, October 12, 2017, Amended October 9, 2025

The Board of Trustees of the Avalon Free Public Library encourages the use and borrowing of the library's print, non-print, and digital materials.

1) LIBRARY CARDS

- a) **RESIDENTS:** Any permanent resident in Avalon may obtain a library card by demonstrating proof of residence or ownership of property. Cards are valid for two years from the date of issuance, while patron owns property in the Borough.
- b) **NONRESIDENTS:**
 - i) **Avalon Property Owner:** The library issues cards to individuals who own property (and their immediate family) in the Borough of Avalon. *Cards are valid for two years from the date of issuance*, while the patron owns property in Borough. Applicants must present a valid form of identification showing their primary address and library staff will confirm the local address.
 - ii) **Seasonal Visitor:** Seasonal renters of Avalon property, non-immediate family staying with Avalon property owners, and visitors to Avalon's hotels may obtain a seasonal card for free. Applicants must present a valid form of identification showing their home address and their Avalon lease, rental agreement, or have the application signed by the Avalon property owner. *Summer seasonal cards are valid for 6 months and can be renewed in 6-month increments, should the visitor continue to meet the criteria.*
 - iii) **Avalon Borough Employee:** The library issues cards to individuals who are employed by the Borough of Avalon. Applicants must present current proof of employment and a valid form of identification showing their home address. *Cards are valid for two years from the date of issuance* provided that the individual remains employed by the Borough.
 - iv) **Avalon Business Owner and Employees:** The library issues cards to individuals who own a business in the Borough of Avalon and the business's employees. Applicants must present current proof of business ownership/employment and a valid form of identification showing their home address. *Cards are valid for two years from the date of issuance* provided that the individual continues to own/be employed by a business in the Borough.
 - v) **Cape May County Resident:** Permanent residents of Cape May County may obtain a library card by demonstrating proof of residence and presenting a valid form of identification. *Cards are valid for two years from the date of issuance provided that the patron owns property or resides in Cape May County.*
 - vi) **COIL:** The Library extends privileges to residents with a library card from the libraries of the Coalition of Independent Libraries of Southern New Jersey. A valid form of identification showing the home address, in addition to the reciprocal library's card, is required. *Cards are valid for two years from the date of issuance* for so long as the patron retains a membership with the reciprocal library. (COIL includes residents of Absecon, Atlantic City, Linwood, Longport, Margate, Millville, Northfield, Ocean City, Strathmere and Vineland).
 - vii) **Subscriber:** Visitors to the area who do not qualify for a seasonal card may obtain a subscriber card for an annual fee of \$20. Applicants must present a valid form of identification showing their home address and pay the fee upon registration. *Cards are valid for one year from the date of issuance.*
- c) **CHILDREN & TEENS:** The Avalon Free Public Library issues juvenile resident or nonresident library cards to persons from birth through 17 years of age. In-person authorization signed by a parent or guardian via a completed library card application is required. The parent or guardian accepts responsibility for the card, all items borrowed, and attests to the age of the applicant.
- d) **LOST CARDS:** As they are responsible for all items borrowed on their card, cardholders should call the library to report a lost or stolen card as soon as possible.
- e) **LIBRARY CARD RENEWAL:** Upon expiration, cardholders will be asked to re-verify their status for continued library privileges by presenting an appropriate form of identification.

2) OVERDUE & LOST MATERIALS

- a) The Avalon Free Public Library sends the cardholder three (2 late notices and 1 bill) notifications of overdue materials. However, the responsibility for returning borrowed materials is not conditional upon the cardholder

receiving overdue notification. When a cardholder has a billed item, the patron's library card will be made inactive, with borrowing privileges suspended until the item is returned. See 2) d. Library staff are authorized to revoke privileges at any time before issuing notices, when abuse of privileges so warrants.

- b) When a cardholder has received an overdue notice for an item and notifies the Avalon Free Public Library that the item was previously returned, staff will check for the item and if not found, change the status to claims return. Library staff will also ask the patron to continue to search for the item. Once a month, staff run a report of all claims return items. Staff are authorized to resolve cases in which the cardholder claims the material has been returned but cannot be located within the library.
- c) The circulation system automatically changes the status of overdue materials to "Long Overdue Lost/Billed" status when the materials are long overdue (30+ days). At that time, the cardholder's account is charged the cost of the item. If the cardholder returns the billed materials, the charges are waived.
- d) In a case where an item has been lost by the cardholder, the following appropriate policy will apply:
 - i) **Cardholders age 18 and older, items with a value \geq \$50.00:** Cardholder's account will be charged the value of the unreturned item.
 - ii) **Cardholders age 18 and older, items with a value $<$ \$50.00:** The first two times an item is reported lost, a note will be added to the cardholder's account and the associated charges waived. For all subsequent lost items, the cardholder's account will be charged the value of the unreturned item.
 - iii) **Cardholders age 17 and younger, items with a value \geq \$50.00:** Cardholder's account will be charged the value of the unreturned item.
 - iv) **Cardholders age 17 and younger, items with a value $<$ \$50.00:** For each school year, the first two times an item is reported lost, a note will be added to the cardholder's account and the associated charges waived. For all subsequent lost items, the cardholder's account will be charged the value of the unreturned item.
- e) Staff restore borrowing privileges promptly when materials are returned, found, or paid for and accounts are settled.
- f) Materials borrowed are not considered returned until all parts are received by the library. If an item is returned with parts (booklets, cover, cases, etc.) missing, the items will not be registered as returned until all parts are received by the library. Staff will make an effort to contact the patron promptly in these instances.

3) BORROWING RECORDS

All information on the individual cardholder is confidential except in the case of a youth card when the parent or guardian has signed the application card. Patrons have the option of saving their reading history via an option on the library catalog. This option is turned off by default and must be activated by the patron. Beyond patron use of this feature, the library does not maintain records of materials individuals have borrowed and returned in the past, except when items are lost or damaged. In a case where the patron has elected to have their reading history saved, this information is considered confidential.

4) HOLDS (RESERVES)

- a) Cardholders may place or cancel requests on the library website, www.avalonfreelibrary.org; or, during library hours, by telephone, 609-967-7155; or in the library themselves at a catalog or with staff assistance at the circulation desk.
- b) Cardholders may not check out an item that is currently on the hold shelf for another patron.
- c) The library's automated system manages pending holds. Patrons who place holds via the catalog should note that these holds are usually pulled only once a day, before the library has opened. If a patron requests an item via the catalog after the paging has been completed for the day, it may not be pulled until the following day. If another patron removes the item from the shelf before it has been pulled, they will be permitted to borrow it and the patron who requested it will be first in line for it upon its return.

5) AUTHORIZATION TO PICK UP RESERVES FOR CARDHOLDER

A cardholder may authorize a person residing in their household to pick-up holds by giving them the library card with

which the reserve was placed. The library may request additional identification from the person presenting the card and may verify use of the card with the patron to whom the card belongs.

6) MATERIAL RENEWALS

- a) The library's automated system is set up to automatically renew most materials based on loan rules. Most items renew up to two times, with some high demand items only renewing once.
- b) If an item is on hold for another cardholder, it will not be renewed.
- c) If an item has met the max number of renewals, it will not be renewed.
- d) Due to autorenewal, cardholders cannot manually renew items via the catalog.
- e) Cardholders are notified about item status, autorenewal, and due date via notices automatically sent by the library system. This information can also be obtained by calling or visiting the library.
- f) Once an item is overdue, it cannot be renewed.

7) IN-HOUSE USE OF LIBRARY RESOURCES

The Library allows in-house use of Library resources; however, the library reserves the right to require and hold an acceptable form of identification or similar item of value for use of materials or equipment. An additional form of identification showing address may be requested at the discretion of the library staff member.

INTERNET AND COMPUTER ACCEPTABLE USE POLICY

Approved, April 14, 2005

Amended, July 13, 2017

The Avalon Free Public Library provides a broad range of information resources, including those available through the internet. Access to the internet enables the library to greatly expand its information services beyond traditional collections and resources. We make this service available in support of our mission.

The internet offers access to many valuable local, national, and international sources of information. However, it is an unregulated medium and not all sources on the internet provide accurate, complete or current information. The Avalon Free Public Library cannot monitor or control information accessed through the internet and is not responsible for its content, quality, accuracy, or currency. Internet users will need to evaluate for themselves the validity of information found.

The internet may contain information that is controversial, sexually explicit, or offensive. Library patrons use the internet at their own risk. Parents are responsible for their children's use of the library's resources and facilities. Parents who believe that their children cannot responsibly use the Library's internet access are requested to monitor their children's internet use.

Library internet computers will not be used for illegal activity, or to access materials that by local community standards would be considered obscene.

Users must leave their terminal promptly at the end of their session, in respect to other patrons who are waiting.

Available bandwidth on the Library's public wireless network is capped at 2 gigabytes (GB) of data per day per person.

If a patron violates the Acceptable Use Policy, the library staff may request that he/she leave the terminals, and may prohibit a patron from future use on the computers.

In order for such materials to be added to the Library's collection, they must meet the same standards as purchased materials.

Once materials are accepted, they become the property of the Library and subject to applicable policies. Upon request, the Library will provide acknowledgement of a gift, however the Library does not appraise or provide valuations of gifts for tax deduction or other purposes.

The Library reserves the right to 1) add the donated materials to the collection, 2) sell them through the Library book sale, 3) discard any donated materials, or 4) refer them to other book donation programs.

OPEN PUBLIC RECORDS AND MEETINGS

Approved, April 14, 2005

The Library will comply with N.J.S.A. 47:1A-1 et seq., (“ the Open Public Records Act”).

All government records, as defined in N.J.S.A. 47:1A-1.1, are subject to inspection, copying and examination unless exempt in accordance with the Open Public Records Act, another statute, any document deemed confidential or non-disclosable, and Executive Order of the Governor, resolution of either or both houses of the Legislature, rules of court, any federal law, federal regulation or federal order.

The Act provides that any person has the right to make an oral or written request to inspect, copy or receive copies of public records. The request must describe the record sufficiently to enable the library to find the record.

On behalf of the Library Trustees, the Library Director will act as “Custodian of Records.” All requests to view government records must be in writing on the form entitled “Borough of Avalon Library Trustees Request for Access to Public Records”, which is available at the Circulation Desk. This form should be delivered to the Custodian of Records.

The Act also provides that the Library may make a charge for the time required in locating the document and for the cost of duplication. Accordingly, the cost for pages 1-10 will be \$.75 per page, for pages 11-20 \$.50 per page and any pages over #20, \$.25 per page.

A person who is denied access to a government record may institute a challenge to the Custodian of Record’s decision in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council.

The meetings of the Library Trustees shall be held in accordance with N.J.S.A. 10:4-6 et seq., (the “Open Public Meetings Act.”).

CONFIDENTIALITY OF PATRON RECORDS

Approved April 14, 2005

Patrons of the library have certain rights with regard to their use of library facilities and services. Records of patron use of library materials or services are confidential per *NJSA 18A:73-43.1*. Library records which contain the names or other personally identifying details regarding the users of the Library are confidential and shall not be disclosed except in accordance with N.J.S.A. 18A:73-43.2.

Records of patron use of library resources may include:

- Circulation records

- Patron material complaint forms
- Patron suggestion forms
- Emails
- Voicemails
- Correspondence about patron's library use
- Any other such record with personally identifiable uses of library materials, facilities, programs or services as may be accumulated in the course of doing library business.

In the event a patron fails to return materials, the library may disclose circulation information and correspondence to appropriate legal authorities involved in securing the return of or payment for these materials.

Staff is authorized to request identification from library users as necessary and appropriate for use of library services. Such information is considered confidential. Refusal to identify oneself may be grounds for denial of service.

Staff will cooperate fully with law enforcement to the extent allowed by law, but all requests to identify persons with respect to their use of library materials and services will be referred to the Library Director.

If the Library has cause to believe that a criminal act has been committed on Library property or with Library resources, Administration will cooperate with law enforcement officials to obtain proper court orders for the release of such confidential library records as may be necessary for a criminal investigation and prosecution.

HEALTH EMERGENCIES

Approved, April 14, 2005

Staff members should exercise caution when administering first aid of even a minor nature because of the safety of the injured individual and the potential liability of the staff member. Without specialized training it is not advisable for staff to undertake more than keeping the sick or injured patron comfortable and protected from needless disturbance until medical help can be obtained. Since each case is unique, staff members should use their own judgment to do what is prudent and reasonable.

The Rescue Squad/Police (911 if available) should be called immediately in the event of any serious problem.

No medication, including aspirin, should ever be dispensed to the public.

EXTREME WEATHER EMERGENCIES

Approved, April 14, 2005

Amended January 12, 2006

During extreme weather conditions, the Director may close the library. If staff members who are working cannot reach the director, they may confer among themselves to make the decision to close, or call the Library Board President or Borough Administrator.

VOLUNTEERS

Approved, April 14, 2005

The Library Board encourages individuals and groups to volunteer their time and efforts in the service of the Avalon Free Public Library. In appreciation of volunteer services, the Library acknowledges the need to organize volunteer activities and provide for appropriate recognition befitting the benefit to the library and the communities it serves.

A notice of copyright will be prominently placed on the library's photocopiers. Library staff will refuse to duplicate any materials if doing so would violate copyright. Library patrons copying any materials on library machines are solely and fully responsible for using the materials in compliance with relevant copyright law.

Audio visual materials for which the library has purchased public performance rights are so labeled. Items without public performance rights are for personal and home use only. Library staff will follow copyright law in selecting and using materials for public performance. - The Library retains the right to withdraw approval and/or deny future use at any time. The respectful use of the Library's building, furnishings and fixtures are essential to the continued public enjoyment of our facility.

LIBRARY CAMERA POLICY

Approved by the Board of Trustees of the Free Public Library of Avalon, 11/14/19

Security cameras are used to enhance the safety and security of library users and staff by discouraging violations of the Library's Code of Conduct, to assist library staff in preventing the occurrence of any violations, and when necessary, to provide law enforcement assistance in prosecuting criminal activity.

SECURITY CAMERA PURPOSE AND PLACEMENT GUIDELINES

Video recording cameras will be used in public spaces of library/school locations to discourage criminal activity and violations of the Library's Code of Conduct. The recording of audio is restricted under the Electronic Communications Privacy Act and will not be used.

Cameras may be installed in outdoor and indoor places where individuals would not have a reasonable expectation of privacy. Examples include public common areas of the library/school such as parking lots, entrances, seating areas, and service desks.

Cameras will not be installed in areas of the library where individuals have a reasonable expectation of privacy, such as restrooms or private offices, nor will they be positioned for the purpose of identifying a person's reading, viewing or listening activities in the library.

Signs will be posted at all entrances informing the public and staff that security cameras are in use.

Because cameras will not be continuously monitored, the public and staff should take appropriate precautions for their safety and for the security of their personal property. The Avalon Free Public Library is not responsible for loss of property or personal injury.

Recorded data is confidential and secured in a controlled area. Video recordings will typically be stored for no longer than 45 days, unless otherwise required as part of an ongoing investigation or litigation. As new images are recorded, the oldest images will be automatically deleted.

Regarding the placement and use of the digital recording cameras, staff and patron safety is the first priority; protection of library property is of secondary importance.

Cameras are not installed nor will they be used for the purpose of routine staff performance evaluations.

USE/DISCLOSURE OF VIDEO RECORDS

Requests to view recorded footage will not be granted by the Director except to law enforcement upon presentation of a subpoena or court order or when otherwise required by law as per the requirements set forth in NJSA 18A:73-43.2³. In the event of a search warrant which is executable immediately, or a law enforcement investigation affecting the library in cooperation with the library administration, the Director / designee will comply and consult with legal counsel to determine the legal and appropriate course of action.

³ 18A:73-43.2. Confidentiality of library users' records

Library records which contain the names or other personally identifying details regarding the users of libraries are confidential and shall not be disclosed except in the following circumstances:

- a. The records are necessary for the proper operation of the library;
- b. Disclosure is requested by the user; or
- c. Disclosure is required pursuant to a subpoena issued by a court or court order.

Designated managers may have access to real-time images, viewable on desktop monitors placed in secure areas to ensure private access. The frequency of viewing and the amount of video viewed will be limited to the minimum needed to give assurance that the system is working or to ascertain if footage is available relative to a specific incident.

Video records and still photographs may be used by authorized individuals to identify those responsible for library policy violations, criminal activity on library property or actions considered disruptive to normal library operations as delineated in the Library Code of Conduct.

In situations involving banned patrons, stored still images may be shared with staff system-wide. Shared images may remain posted in restricted staff files for the duration of the banning period. After the banning period ends, these images will be archived in the Administrative Office for 3 years.

UNAUTHORIZED ACCESS AND/OR DISCLOSURE

Confidentiality and privacy issues prohibit the general public from viewing security camera footage that contains personally identifying information about library users. All requests from the general public to inspect security camera footage, will be referred to the Library Director/designee.

A breach of this policy may result in disciplinary action up to and including dismissal. Any library employee who becomes aware of any unauthorized disclosure of a video recording and/or a potential privacy breach has a responsibility to immediately inform the Director of the breach.

DISCLAIMER OF RESPONSIBILITY

A copy of this policy may be shared with any patron or staff member upon request. The policy is also posted on the Avalon Free Public Library's website.

Questions from the public may be directed to the Library Director.

The library disclaims any liability for use of the video data in accordance with the terms of this policy, given that the library is a public facility and the security cameras shall be limited to those areas where patrons and/or staff have no reasonable expectation of privacy.

SOCIAL MEDIA POLICY

Approved March 12, 2020

Usage Rules for the Public

The Library periodically uses social media platforms to provide a forum to facilitate the sharing of information about library related subjects, issues, and events. The Library's social media sites are not intended to be a traditional public forum for the general exchange of ideas and viewpoints, but a limited public forum for discussing library services, programs, events, and materials.

The Library welcomes the comments, posts, and messages of the community and recognizes and respects differences in opinion. However, all comments, posts, and messages will be periodically reviewed and moderated under this Social Media Policy, and the Library reserves the right to remove any comment, post, or message that it deems in violation of these rules.

Any content – including posts, images, and links – containing any of the following will be removed immediately from any Library social media platform:

- Obscene content or hate speech;
- Personal attacks, insults, or threatening language;
- Private or personal information, including phone numbers and addresses, or requests for personal information;
- Potentially libelous statements;
- Falsification of identity;
- Plagiarized material;
- Comments, links, or information unrelated to the purpose of the forum;
- Spam or other commercial, political, or religious messages unrelated to the Library or its social media postings;
- Solicitation of funds.

The Library reserves the right to ban or block users from accessing its platforms who violate this policy.

The Library is not responsible or liable for any content posted by any participant on a Library social media account or page who is not a member of the Library's staff.

On Library sponsored social media accounts, the user consents to the Library's right to access, monitor, and read any postings on those sites. Users must understand that social media is permanent, retrievable, and public. Messages can potentially be read by anyone once posted, regardless of a user's individual privacy settings on social media platforms. The Library highly recommends that users do not post their personal information or contact information on social media sites.

The Library additionally reserves the right to reproduce comments, posts and messages in other public venues – both online and offline. Such reproduction may be edited for form and/or content.

In addition, users are expected to abide by the terms and conditions set by third-party social media platforms as well as follow appropriate Federal and State Law.

The Library asks that individual user complaints be addressed directly to the Library Administration via phone or e-mail so that they can be addressed appropriately and efficiently. Usage Guidelines for Staff

Please note that, with regard to their personal use of social media, Library employees are subject to the Social Media policy outlined in the Borough of Avalon's employee handbook. The guidelines listed here do not modify policies outlined in the employee handbook.

For staff posting on behalf of the AFPL & HC, please note that posts should inform library users about services, resources, programs, events, promote library use, and encourage dialogue between users and library representatives. Social media posts, as with all library media releases, should be positive in tone and should reflect the values and viewpoint of the library rather than personal opinion.

PROGRAM AND EVENT POLICY

Approved by the Board of Trustees, April 11, 2024

The Avalon Free Public Library and History Center (AFPL) offers programming for all ages based on the principles of its mission: To inform, inspire, and enrich the Avalon community near and far. The organization strives to create programs that meet the needs and reflect the diverse interests of the community. Library programs shall be free and open to the public unless a program is given by another organization and sponsored by the Library with Director's approval. Registration and/or attendance limits may be required for planning purposes, or when space is limited. Programs may be held on site at the Library, History Center, online, or off site, and will be conducted pursuant to the terms of a Presentation Agreement between the Library and any presenter.

Library staff will not be liable for the content of any program presented by a third party. The Library may create and offer programs by staff or with community partners or presenters for specialized or unique expertise. Selection of program topics, speakers, courses, classes, and resource materials is made by Library and History Center programming department, with support from the Programming Committee, on the basis of the interests and needs of users and the community. Suggestions from the community for programs and speakers are accepted, but topic and speaker selection is at the discretion of staff, and ultimately, the Programming Committee.

Library-sponsored events must have a particular educational, informational, or cultural value to the community. No presenter shall use a program to advertise or recruit customers or members, nor to collect signatures for petitions or letters. Programs may not be used for commercial or business solicitation or in support or opposition of any specific religious conviction, candidate, political party, partisan organization, or group. However, events celebrating holidays, customs, other cultural celebrations, opposing viewpoints, or non-partisan activities that encourage political participation and voter awareness may be offered. All programming decisions are determined by the Programming Committee, who reserve the right to decline any proposed program.

All program participants, including Presenters, Performers, and volunteers, must comply with the AFPL's Code of Conduct. Performers and presenters will not be excluded from consideration because of their origin, background or views, or because of possible controversy. The Library may conduct reference checks in advance of contracting with the performer or presenter to ensure quality standards.

Presenters and Performers offering specialized programs including, but not limited to, animals, interactive materials, tools, and food are expected to have and share an established plan for proper handling, containment, cleanup, and disposal.

Programs designed for specific audiences will be publicized as such. In some cases, the nature and success of a program may require age-based limits, particularly for programs intended for children and teens which are geared to their interests and developmental needs. The responsibility for child attendance at Library programs rests with their caregivers.

Co-sponsorship of an event is defined as the Library partnering with another agency, presenter, or business to provide a program to the public. Co-sponsorship does not constitute an endorsement of the content presented nor the views expressed by participants. Organizations or individuals collaborating with AFPL on programs must coordinate marketing efforts with the Programming Department and/or Programming Committee.

Individuals or organizations who present programs at AFPL for public attendance are not allowed to sell their products or services during their presentation. After the presentation, appropriate materials connected to the performance or lecture may be sold by the author/performer with prior approval from the Programming Department. It is the Presenter's sole responsibility to ensure that, if necessary, proper sales tax is applied.

The Library welcomes feedback from all patrons concerning programs. Questions from the public about a specific event should first be directed to the staff member managing the event. Further questions and concerns should be addressed to Library Administration.

Data & Network Security

The Library uses software programs that monitor network traffic to identify unauthorized attempts to upload or change information or otherwise cause damage. These measures are designed and intended to prevent corruption of data, block unknown or unauthorized access to our systems and information, and to provide reasonable protection of private information in our possession. No other attempts are made to identify individual customers or their usage habits.

Public Computers & Connected Devices

The Library does not keep a record of your activities on any public computer or laptop. Any record of browsing history and activities are removed when you log out. The next customer cannot see any of your information.

All personally identifiable information is purged immediately upon the end of your public computer reservation. An anonymous log is created that includes only the computer terminal number, reservation time, and duration of the session. These anonymous reservation statistics remain in the system for 24 hours.

All connected devices you borrow from the Library (e.g., game systems, projector) have their history manually cleared by staff immediately after you return the device.

Email & RSS Feeds

You may choose to subscribe to a variety of mailing lists from the Library. The mailing lists are serviced by Constant Contact. See below for information about how the Library works with this and other third-party vendors.

Using Third-Party Vendors

The Library enters into agreements with third-parties to provide online services, digital collections, streaming media content, and more. When using some of these services, you may also connect with social networks and other users. **Library policies, such as those covering confidentiality of circulation records or institutional data, do not apply to the third-party vendors.**

Third-party vendors may collect and share your information, including:

- Personally identifiable information you knowingly provide. This includes: when you register for the site, provide feedback and suggestions, request information, or create shared content.
- Other information that could be used to identify you. This includes: your Internet Address (IP Address), search history, location-based data, and device information.
- Non-personally identifiable information. This includes: your ad views, analytics, browser information (type and language), cookie data, date/time of your request, demographic data, hardware/software type, interaction data, serving domains, page views, and the web page you visited immediately prior to visiting the site.
- Other data as described in the vendor's privacy policy and terms of use.

For more information on these services and the types of data that is collected and shared, please ask to speak with a librarian. You may choose not to use these third-party vendors if you do not accept their terms of use and privacy policies. We make reasonable efforts to ensure that the Library's contracts, licenses, and offsite computer service arrangements reflect our policies and legal obligations concerning customer privacy and confidentiality. Our contracts address restrictions on the use, aggregation, sharing, and sale of information, particularly about minors.

The Library expects vendors to:

- Follow all privacy related items in the vendor contract and licensing agreements.
- Conform to Library privacy policies.
- Provide a product which complies with the [Children's Online Privacy Protection Act](#).
- Refrain from collecting or sharing additional information about customers, other than is needed for delivery of the Library services provided.
- Have a publicly posted privacy policy.

Library customers must understand when using remote or third-party vendor sites that there are limits to the privacy protection the Library can provide.

The Library also suggests links to external websites that are not under contract. You are not required to give these sites your library card or any other personally identifiable information in order to use their services.

What Surveillance is Used at the Library and Museum?

Both facilities use interior and exterior surveillance cameras.

Video footage retention is dependent on the activity captured and the following ranges are a guide based on typical use. Footage at the Library is kept for 8 weeks and the Museum is kept for 4 weeks. A warrant is required to view footage from cameras. All requests must be made to the Library Director or their designee.

How Do We Handle Law Enforcement Requests?

Only the Library Director and/or their designee is authorized to receive or comply with requests from law enforcement officers. We speak with our legal counsel whenever possible before determining the proper response. Library records are not made available to any agency of state, federal, or local government without a subpoena, warrant, court order or other legal document requiring us to do so.

Our Commitment to You

Our Library does not share your personally identifiable information with third-parties unless required by law. Library customers who have questions, concerns, or complaints regarding the Library's handling of their privacy and confidentiality rights should contact our Library Director.

The Library reserves the right to change or modify this privacy policy at any time. Any updates will be posted on the Library's website.
